the River

BaYíRi

The word BaYíRi means “to Invoke”.

With its roots in the Colombian Amazon, this word invites us to get closer to our Animal Spirits and celebrate special moments in our lives.

Each collection is a reminder about the importance of the creatures that share this planet with us.

**“All Nature is connected
by invisible bonds”**

Translated from *La invención de la Naturaleza* de Andrea Wulf. pg 359

We knit high quality pieces made to last, designed to be treasured. Pieces that will be passed on for generations and share innumerable precious moments with their environmentally conscious humans.

Our eco-friendly knitwear is carefully made in a small family factory in Spain using the softest GOTS certified Organic Cotton.
Because we care and we know you care too.

AMAZON the River

The Amazon River is the longest river in the World!

Located in South America, it is surrounded by The Amazon Rainforest, which is home for many different kinds of creatures, from an unimaginable variation of Monkeys, all kinds of reptiles, like the Dart Frogs, big felines like the Jaguar and many unique aquatic creatures like the Pink River Dolphins and Piranhas.

It is also home for human indigenous tribes that resist the "civilization" invasion of the territory.

The Amazon ecosystem is so big, it helps regulate the climate by creating a carbon balance. This is why it has been called "The lungs of the planet".

This collection is a reminder that Amazon is a river; a living entity deserving recognition and respect.

Organic materials

We knit with the softest non allergenic 100% Organic Cotton yarn. A high-quality material with GOTS certificate; which means our material is made under safe and fair working conditions, without the use of any harmful substances, taking care of the workers and the environment.
